CALIFORNIA STATE ADOPTED READING PROGRAM, Beginning with the School Year 1969-70

Mary Lou Harbison

This memorandum is a complete list of reading materials adopted for use in California schools beginning this fall. Basic materials are mandatory and are provided by the state. Supplementary materials are optional, and must be purchased by individual school districts.

The materials are listed in five categories: Fast, Average, Slow, Culturally Disadvantaged (Cult DisAdv), and English as a Second Language (ESL). Each category is subdivided into Basic and Supplementary (Supp). Pupils are classified by each school district by testing and other indices.

The ratio of books to pupils is given in parentheses after each requirement. For example, (1:3) indicates that one book should be provided for every three pupils in that group.

The list is divided by grade level. Costs given include list prices and school prices when there is a difference.
